A response from the vender may be acceptable to meet these requirements.

Appraisals

- A full appraisal (e.g. form 1004 or equivalent, accompanied by form 1004MC) is required for all submissions.
- The appraisal must be no more than 150 days old at loan closing. Lender may extend the validity period of an appraisal with an appraisal update report that will no greater than 240 days from the effective date of the initial appraisal report at loan closing (150 days for the original appraisal plus 90 days for the Appraisal Update Report). An original appraisal report can be updated one time with an Appraisal Update Report.
- Windsor will purchase loans secured by properties with “unpermitted” structural additions under the following conditions:
 - The quality of the work is described in the appraisal and deemed acceptable (“workmanlike quality”) by the appraiser
 - The addition does not result in a change in the number of units comprising the subject property (e.g. a 1 unit converted into a 2 unit)
- If the appraiser gives the unpermitted addition value, the appraiser must be able to demonstrate market acceptance by the use of comparable sales with similar additions and state the following in the appraisal:
 - Non-Permitted additions are typical for the market area and a typical buyer would consider the “unpermitted” additional square footage to be part of the overall square footage of the property.
 - The appraiser has no reason to believe the addition would not pass inspection for a permit.

Assignment of Mortgages

All loans must be registered with MERS at time of delivery to Windsor and a MERS transfer of beneficial rights and transfer of servicing rights must be initiated by the Seller, to Plains Commerce Bank (1005210), within 24-hours of purchase.

Borrower Eligibility

- U.S. citizens
- Permanent resident aliens, with proof of lawful residence
- No more than 4 natural persons allowed per loan application
- See Property: Maximum Number of Properties Owned for information regarding borrowers who currently own a property.
- Borrowers must have a valid Social Security Number
- Non-permanent residents are allowed as long as they are a qualified alien with proof of lawful residence.
- Housing Choice Voucher Homeownership Program income (commonly known as Section 8 for homeowners) paid via Housing Assistance Payments (HAPs) are an acceptable source of income. However due to operational constraints, transactions involving HAPs paid directly to the Servicer are ineligible for purchase.
- Non-occupant borrowers are ineligible.

Condominiums

The lender must perform an underwriting review of the condominium project to ensure the unit meets HUD/FHA, VA, Fannie Mae, or Freddie Mac guidelines. The 1008 must be marked with the appropriate warranty and include all documentation utilized to make the condo warranty determination.

Credit History

- Minimum FICO score of 620**. Will accept one borrower with NO SCORE if second borrower has minimum credit score of 640.

Purchases:

Manually underwritten loans with FICOs less than 680 require a rent history of 0x30x12, if the applicant pays rent.

Refinances:

The existing loan must have been current for the 180-day period prior to the conditional commitment request to refinance.

- At least one borrower whose income or assets are used for qualification must have at least two eligible tradelines to validate the borrower's credit score. Eligible tradelines consist of credit accounts with at least 12 months of repayment history reported on the credit report.
 - Authorized user accounts may not be considered in the credit score and credit reputation analysis unless the applicant provides documentation that they have made payments on the account for the previous 12 months prior to application.
 - A trade line in a documented dispute with 12 months of history is considered an eligible trade line.
 - Required for manual and GUS approved loans: The inability to validate credit scores used by GUS will require lenders to downgrade an "Accept" underwriting recommendation to a "Refer."

Authorized User Tradelines

- A GUS underwriting recommendation of "Accept" with open authorized user tradelines must include evidence in the lender's permanent casefile of one of the following:
 - Another borrower on the mortgage loan application owns the tradeline in question
 - The owner of the tradeline is the spouse of a borrower
 - Evidence the borrower has been making payments on the account for the last 12 months
 - There are two or more other tradelines listed on the credit report, which are not authorized user accounts, with at least 12 months of payment history listed to validate the credit score.
- If one of these conditions cannot be met an underwriting recommendation of "Accept" must be manually downgraded to a "Refer" and the file must be manually underwritten. Closed authorized user accounts require no consideration for manual or GUS loan submissions.

30-Day Accounts

- Lender must verify the outstanding balance is paid in full on every 30-day account each month for the past 12 months. 30-day accounts that are paid monthly in full are not included in the applicant's long-term debt ratio. If the credit report reflects any late payments in the last 12 months, a long-term monthly payment will be included. Utilize 5% of the outstanding balance as the applicant's monthly debt. Lenders will utilize the credit report to document the applicant paid the balance on the account monthly for the previous 12 months.

Disputed Credit Tradelines

- When a borrower's credit report indicates a tradeline or public record is in dispute, a GUS underwriting recommendation of "Accept" may need to be downgraded by the lender to a "Refer." A downgrade is not required if any of the following conditions are met in regards to the disputed item listed on the credit report:
 - The Tradeline has a zero dollar balance
 - The tradeline is marked "paid in full" or "resolved"
 - The tradeline has a balance owed of less than \$500 and is more than 24 months old
 - In the event a GUS underwriting recommendation is downgraded to a "Refer" the lender must remit a fully underwritten file to Rural Housing. For manually underwritten loan files all disputed tradelines with outstanding balance/payments that have been excluded from the debt ratios, must have evidence in the permanent loan file to support a justifiable dispute.

Credit: Liabilities

Non Purchasing Spouse

- When a borrower resides or the subject property is located in a community property state, a credit report for the NPS must be obtained. The debts of the NPS must be included in the borrower's debt ratio, except for those specifically excluded by state law. The NPS's credit history is not a reason to deny the loan application. Community property states include: Arizona, California, Idaho, Louisiana, Nevada, New Mexico, Texas, Washington, and Wisconsin. Alaska is an opt in community property state; property is separate unless both parties agree to make it community property through a community property agreement or a community property trust.

Verification of Rent/Mortgage History

- Not required with a GUS accept. Manual underwriting must follow Rural Housing repayment history requirements.

Installment and Revolving Credit Accounts

- Installment debts with more than ten months repayment remaining must be included in the debt ratio. Revolving debts with reported loan balances on the credit report must have a monthly payment included in the debt ratios. If a payment is not listed the lender may estimate a monthly payment of 5% of the loan balance.

Student Loans

Lender must include the payment as follows:

- **Fixed Payment Loans:**
 - A permanent amortized, fixed payment may be used in the debt ratio when the lender retains documentation to verify the payment is fixed, the interest rate is fixed, and the repayment term is fixed.
- **Non-Fixed Loans:**
 - Payments for deferred loans, Income Based Repayment (IBR), Graduated, Adjustable, and other types of repayment agreements which are not fixed cannot be used in the total debt ratio calculation. The higher of one half percent (.50%) of the loan balance or the actual repayment reflected on the credit report must be used as the monthly payment in the underwriter decision. No additional documentation is required.

Co-Signed Debt

- In order to exclude the payment from total debt, the lender must provide 12 month's payments from the other party or conclusive evidence from the debt holder that there is no possibility that the debt holder will pursue debt collection against the applicant, should the other party default. Individual debt must be included in the DTI.
- Payments that will come due in the next 24 months, including deferred loans and balloon payments.
- Short term obligations must be included in DTI if there is significant impact on repayment. Significant impact is defined as 5% or greater of the gross monthly income of the applicant.
- Long-term obligations with more than ten months repayment remaining on the credit report presented at underwriting, including all installment loans, alimony, child support or separate payments, student loans, and other continuing obligations must be included in the DTI.

Bankruptcy, Short Sale, Foreclosure, Federal Debt, and Judgments

Bankruptcy

- Bankruptcy Chapter 7: GUS approval has no minimum seasoning. Follow Rural guidelines for manually underwritten loans.
- When a Chapter 7 bankruptcy absolved the mortgage debt for the borrower any foreclosure or remaining foreclosure pending is an action against the property, not the borrower. The foreclosure action is not considered as adverse credit in the borrower's evaluation. A loan underwritten with the assistance of GUS will not be required to be manually downgraded when the bankruptcy discharge included the mortgage debt.
- Bankruptcy Chapter 13: GUS approval has no minimum seasoning. Follow Rural guidelines for manually underwritten loans.

Foreclosure & Short Sale

- 3 years elapsed since completion of Foreclosure, Deed in Lieu, or Short sale/Pre-foreclosure.
 - Short Sales Manually underwritten only:
 - Exceptions can be made when the borrower was not delinquent at the time of Short Sale, or if due to divorce, at the time of divorce, and
 - The prior mortgage payment history must reflect all mortgage payments due were made on time for the 12 month period preceding the short sale, or time of divorce, and all installment debt payments for the same period were also made within the month due.

Federal Debt

- Federal debts: A borrower is ineligible for a guaranteed loan if they are presently delinquent on a tax or non-tax Federal debt.

Judgments

- All judgement must be paid in full, or
 - Payment arrangements with the creditor have been made
 - The borrower has made regular and timely payments for the three months prior to loan application.
 - Prepaying schedule payments as a means of meeting minimum requirements is unacceptable
 - Lender will obtain a copy of the payment agreement and validate payments have been made in accordance with the payment agreement
 - The payment agreement will be included in the debt-to-income ratio
 - Exception: If the repayment plan was already established and the applicant has a history of consistent repayment, the payment may be excluded if there are less than 10 months remaining and the lender determines the debt does not have a significant impact on the repayment of the applicant.

Disaster Policy

Windsor will require a post-disaster inspection when the appraisal occurred before the incident end date of the disaster. See Windsor disaster policy located in the Seller's Guide for full details.

Escrows/Impounds

An impound account for collection of taxes and insurance (or addition escrow item) is required.

- The livability of the dwelling is not affected
- A signed contract between the borrower and the contractor is in effect for the proposed work and the funds to be escrowed are not less than the contract

 - The escrow amount is less than or equal to \$10,000
 - The lender has determined the borrower is capable to complete the work within the 180-day limit

Financing Concessions

Financing or sales concessions cannot exceed 6% of the sales price.

Flood Insurance

Existing Dwellings:

- Existing dwellings in a SFHA are not eligible under the SFHGLP unless flood insurance through the FEMA National Flood Insurance Program (NFIP) is available. The lender will require the borrower to obtain, and maintain for the term of the mortgage, flood insurance for any property located in a SFHA, listing the lender as a loss payee.

New or Proposed Dwellings:

- Rural Housing will not guarantee loans for new or proposed homes in an SFHA unless the lender obtains a Letter of Map Amendment (LOMA) that removes the property from the SFHA or Letter of Map Revision (LOMR) that removes the property from the SFHA or obtains a FEMA elevation certificate that shows the lowest habitable floor (including basement) of the dwelling and all related building improvements is built at or above the 100 year flood plain elevation in compliance with the NFIP

High Cost / Higher Priced Mortgages (HPML)

It is the lender's responsibility to ensure the home buyer education is completed in those states and include documentation to satisfy Rural Housing's requirements in the file.

- The borrower's adjusted income may not exceed the Rural Housing's limit for the area. Windsor strongly recommends the lenders include the documentation to support the annual income calculation in the file.
- Refer to the USDA Income and Property Eligibility website:
<https://eligibility.sc.egov.usda.gov/eligibility/welcomeAction.do?NavKey=home@1>
