

INELIGIBLE ORIGINATOR LIST AS OF JANUARY 2, 2025

The following tabs contain lists identifying those third party originators, individuals, industry vendors or other parties whose loan originations (or who have any role in the origination) are not acceptable for purchase ("Ineligible Originator"). Windsor Mortgage reserves the right to reject or require repurchase of a loan at any time if the loan was originated by, or otherwise involved with, an entity or person on the Ineligible Originator list. Our decision with respect to any such loan will be final, and no exceptions will be considered.

The Ineligible Originator list is proprietary and confidential information and may not be distributed to third parties. The Ineligible Originator list is subject to change at any time. For your ease of reference, the "Additions" and "Removal" tabs reflect the most recent additions to, and removals from the current comprehensive list found at the "Ineligible Originator" tab. Each client represents and warrants that no person or entity appearing on the Ineligible Originator list had a role in originating any loan sold to Windsor Mortgage.
